Nest Earrings

- Choose the colors or color combinations and knead the polymer clay soft
- Form a long string or a narrow band, divide it with a knife in the middle and form several balls
- Press the half of the balls carefully together and wrap the string tight around them
- Place a hole with a toothpick at a suitable position
- Put the earrings in the oven according to the manufacturer's instructions
- After the mass is cold, a ring and an ear hook is attached to the nest earring.
