Planet Earrings

- Choose the colors or color combinations and knead the polymer clay soft
- Form a long string, divide it with a knife in the middle; form two plates and two globes in contrast color
- Stick a small plate the end of the string and the globe carefully on an eyepin.
- Wrap the polymer clay string around the globe and press it firmly.
- Put the earrings in the oven according to the manufacturer's instructions
- After the mass is cold you can turn the eyepin into a loop and attach an ear hook to the planet polymer clay earring.
